What is peace?

The most common idea is probably this - that when two countries stop fighting each other then...

What is peace?

.. it hopefully ends in a peace settlement and then it's peace and joy. OR.....?

What is peace?

*"Since wars begin in the minds of men and women,
It is in the minds of men and women that peace must be built".*

Begins the UNESCO Charter, adopted in November 1945

But if we go down to the level of you and me, we get other perspectives and references

Peacebuilder Club

This story that I am going to tell you begins with my club Järfälla RK becoming a peacebuilding club 31 Dec 2022.

What is bullying?

What a peacebuilding club is primarily concerned with is how we humans behave towards each other. We started by going through the basic training available at the Rotary Learning Center, which deals with code of conduct, bullying and microaggressions. Above all, we focused on trying to do something in the area of bullying.

Bullying – Insulting words

Rotary has a Code of Conduct where we describe bullying. We have 12 different main headings. For example, insulting words, in oral or written form, including in emails or in social media.....

Bullying – Gossip

...Gossip, including offensive statements about people's private lives that could damage their reputations...

Bullying – Exclude someone

...To deliberately exclude someone or to stand in a person's way.

Bullying – Outcomes among 10-16 year olds

Statistics from “Friends” report 2024.

Approximately three students in each class are exposed to bullying at school. Of the children who are exposed to violations or bullying, 18% passed in one of the core subjects compared to 82% who are not exposed.

Our peacebuilding club receives an invitation

In March this year there was an invitation to our club from Dr. Phillips RC who wanted us to send a picture to the moon to support their anti-bullying project and since we had bullying on our agenda, it was only natural to get in touch with them and hear more about their project.

We decided to work together against bullying...

Likes arose and we had many planning meetings where we shared experiences with each other and sweet music arose.

... and created the joint project
